State Fire Academy Graduates 17 in September

The South Carolina Department of Labor, Licensing and Regulation's South Carolina Fire Academy graduated 17 recruits, Friday, Sept. 25, 2015, from its eight-week firefighter candidate school in Columbia. Keynote speaker was Chief Tres Atkinson, Dorchester County Fire Rescue.

The firefighters from nine fire departments across the state underwent a 320-hour training program of classroom and hands-on firefighting skills development.

The in-depth training, offered quarterly at the Fire Academy, includes emergency responder first aid training, hazardous materials operations training, auto extrication, flammable liquids and gas firefighting, rescue training, and National Fire Protection Association (NFPA) Firefighter I and Firefighter II levels.

"This is a very challenging program that requires team work, in-depth study, extensive hands-on training with live fires, eight practical skills evaluations and seven written tests to meet the National Fire Protection Association standards," Fire Academy Branch Chief Lenny Busby said. "I am pleased with the recruits and our staff; they have shown extreme commitment to service by completing this challenging and comprehensive program. Our state and their communities will be better served as a result of their efforts."
